Learn More About Proposed Flood Control Improvements in Ross and Kentfield!

The U.S. Army Corp of Engineers (USACE) and the Marin County Flood Control District (District) have jointly released a Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the project known as the Corte Madera Creek Flood Risk Management Project. The purpose of the project is to reduce the frequency and severity of flooding and to protect human life and property within the communities of Ross and Kentfield along the Corte Madera Creek.

USACE and the District will hold a series of community workshops and a public hearing to discuss project findings and address questions from the community.

UPCOMING OPPORTUNITIES FOR PUBLIC INVOLVEMENT

- **October 23, 2018, 6:00 – 7:30 pm** at Ross Town Hall Community Workshop #1, Town of Ross Residents, focused on project elements that may be of most concern to Ross residents.
- **October 24, 2018, 10:00 – 11:30 am** at Ross Town Hall Community Workshop #2, Ross Commercial Businesses, focused on project elements of most concern to Ross businesses.
